Algorithms are cool: Pet all the animals

So why algorithms?

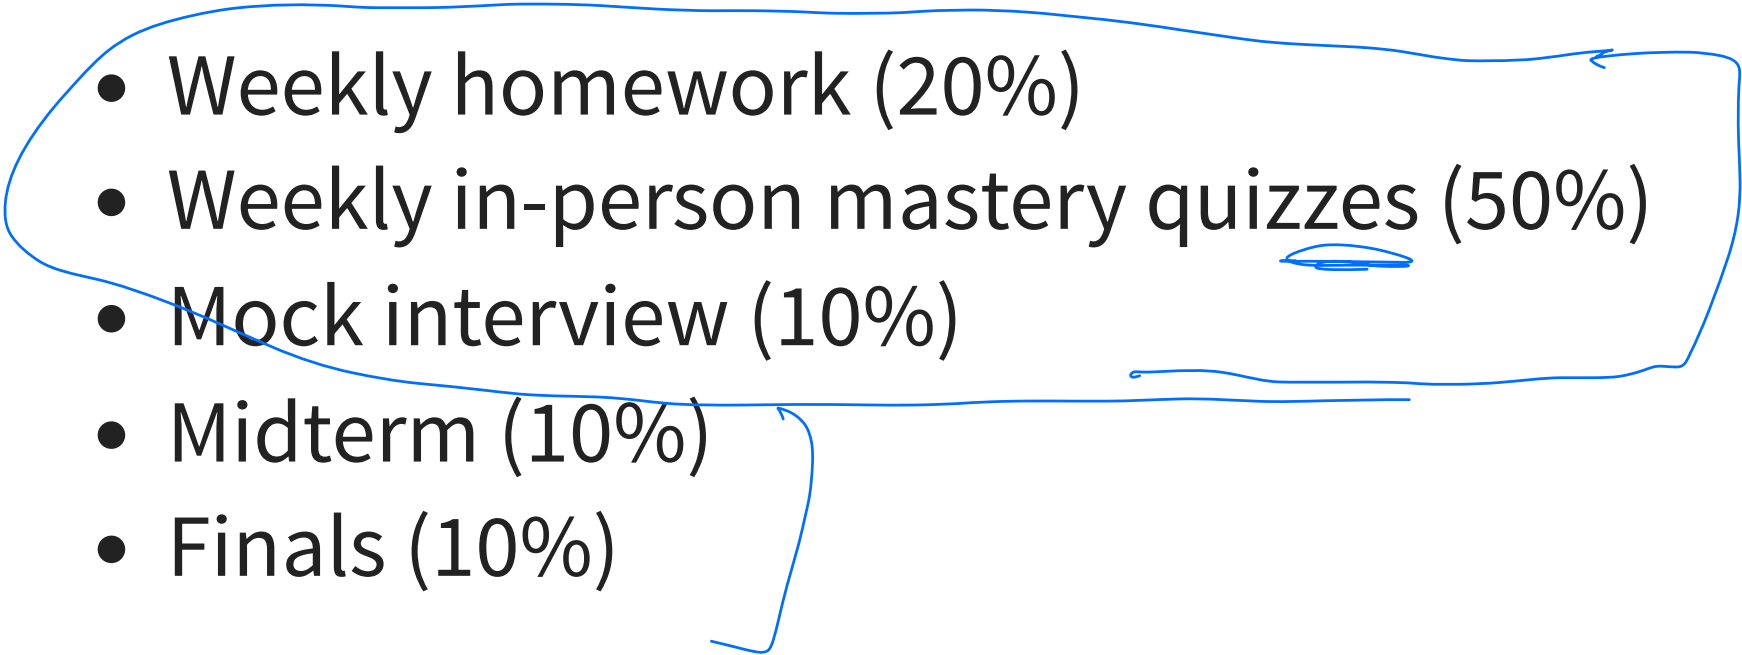

- **Practical: short term.** Interviews.
- **Practical: long term.** Identify IRL. Steer AI. Systems thinking.
- **Fun!**

Hi

- Edu: SCC, UW, BS/MS.
- Ex: Google, Snowflake, sobek.ai
- Hobbies: Jazz piano, bouldering, pickleball, badminton, gaming, ...

Course logistics

Grade distribution

- Weekly homework (20%)
 - Weekly in-person mastery quizzes (50%)
 - Mock interview (10%)
 - Midterm (10%)
 - Finals (10%)
- 

80%

Meetings

- Mo 12:30PM - 2:20PM @ Snohomish 119
- We 12:30PM - 2:20PM @ Snohomish 119
- Fr 12:30PM - 1:20PM Online over Zoom

↓
mock interview!

Quizzes

- Grade: 50%.
- Mastery: Retakes, all or nothing.
- W1: Lecture on topic X → *dn & cona*
- W2: Quiz on topic X + retake → *2 #5*
- W3: Final Quiz retake on topic X → *1 #*
- Drop 1

Homework

- Grade: 20%. Attempt-based
- Cheating will only hurt you. Quiz and exam tuning.
- Late policy: 3 late days. But don't be late. Quiz is NOT going to be deferred. 1 late day per hour
- Drop 1 due on Sunday
 ↳ Monday 11pm if late day

Mock interview

- Grade: 10%. Participation points.
- 1 target interviewee.
- Fridays, online.

Exams

- Midterm (10%)
- Finals (10%)

A normal week
